OVERVIEW

Built For High-Throughput Packing Lines

With strong belt-driven carton advancement and a stabilised tape head design, this machine supports a wide range of box sizes and ensures consistent, wrinkle-free tape application — making it ideal for high-throughput packaging lines.

- Fully automatic top & bottom taping, no manual positioning required
- High throughput, suited to busy fulfilment centres
- Stabilised tape head design prevents skewed seals
- Adjustable to carton size — manual width & height adjustment
- Simple, plug-in operation with minimal setup training
- Durable belt-driven build with a robust motor
