AUTOMATIC PALLET/STRETCH WRAPPING MACHINE

Pallet/Stretch Wrapper — Door/Window & Furniture

A specialist stretch wrapping machine engineered for doors, wardrobes and other large, flat panel-format items — using a vertical wrap arm, high-torque motors and adjustable tension control to protect furniture from damage in transit.

Automatic Pallet/Stretch Wrapper — Door/Window & Furniture

Automatic, turntable wrap cycle

2 tonne max load weight

1650mm turntable diameter

Backed by 35+ years of SWS expertise

OVERVIEW

Purpose-Built For Doors & Panel Furniture

Designed to make furniture packaging faster and more secure, this machine wraps doors, wardrobes, beds and other large flat items evenly and securely. High-torque motors and adjustable tension control ensure a tight, professional finish, while the compact turntable design fits most industrial setups. The simple interface keeps operation straightforward, reducing packing time and film usage while protecting goods in transit — it also functions as a standard pallet wrapping machine, making it a flexible addition for warehouses and manufacturers.

- High-torque motors with adjustable tension control for even, secure wrapping
- Purpose-built for doors, wardrobes & other flat/panel furniture
- Compact turntable design fits most industrial setups
- Simple interface streamlines operation
- Reduces film consumption & packing time versus manual wrapping
- Also functions as a standard pallet wrapping machine

SPECIFICATION
